Fig. 16

Diagram Fig. 16 shows a grid of numbers. The grid has 4 columns and 5 rows. The first column contains 320, 240, blank, blank, and blank. The second column contains 321, blank, blank, blank, and blank. The third column contains 322, blank, blank, blank, and blank. The fourth column contains 318, 638, blank, blank, and blank. The fifth column contains 319, 639, blank, blank, and blank. A curly brace on the left side groups the first four rows of the first column, labeled 240. A curly brace at the top right groups the last two rows of the fourth column, labeled 120. A large curly brace at the bottom groups all five rows of the first column, labeled 320.

0	1	2	318	319
320	321	322	638	639

Fig.17

The diagram shows a table with two columns: 'PIXEL ID No.' and 'Z VALUE'. The 'PIXEL ID No.' column has three rows labeled 1, 2, and 3. The 'Z VALUE' column has three rows, each ending with a dashed vertical line indicating continuation. Above the table, the number 661 is associated with the first row of the 'PIXEL ID No.' column, and the number 663 is associated with the first row of the 'Z VALUE' column. An arrow points from the number 1066 to the second row of the 'Z VALUE' column.
